

Powerful features for full-service real estate

AN UPGRADED WEBSITE SYSTEM FOR FORWARD-THINKING GROWTH

Birge and Held, a comprehensive real estate company, was looking to overhaul their website to better align with their modern, progressive approach to real estate. They wanted to show that all across the country they were positively impacting communities by transforming properties and providing value to their investors.

INDUSTRY

Real estate

COMPANY

Birge & Held

PROJECT

Real estate company website

SOLUTION

Responsive website

SERVICES

UX plan, UI design, website development

TECH STACK

WordPress, JavaScript

SLEEK & MODERN

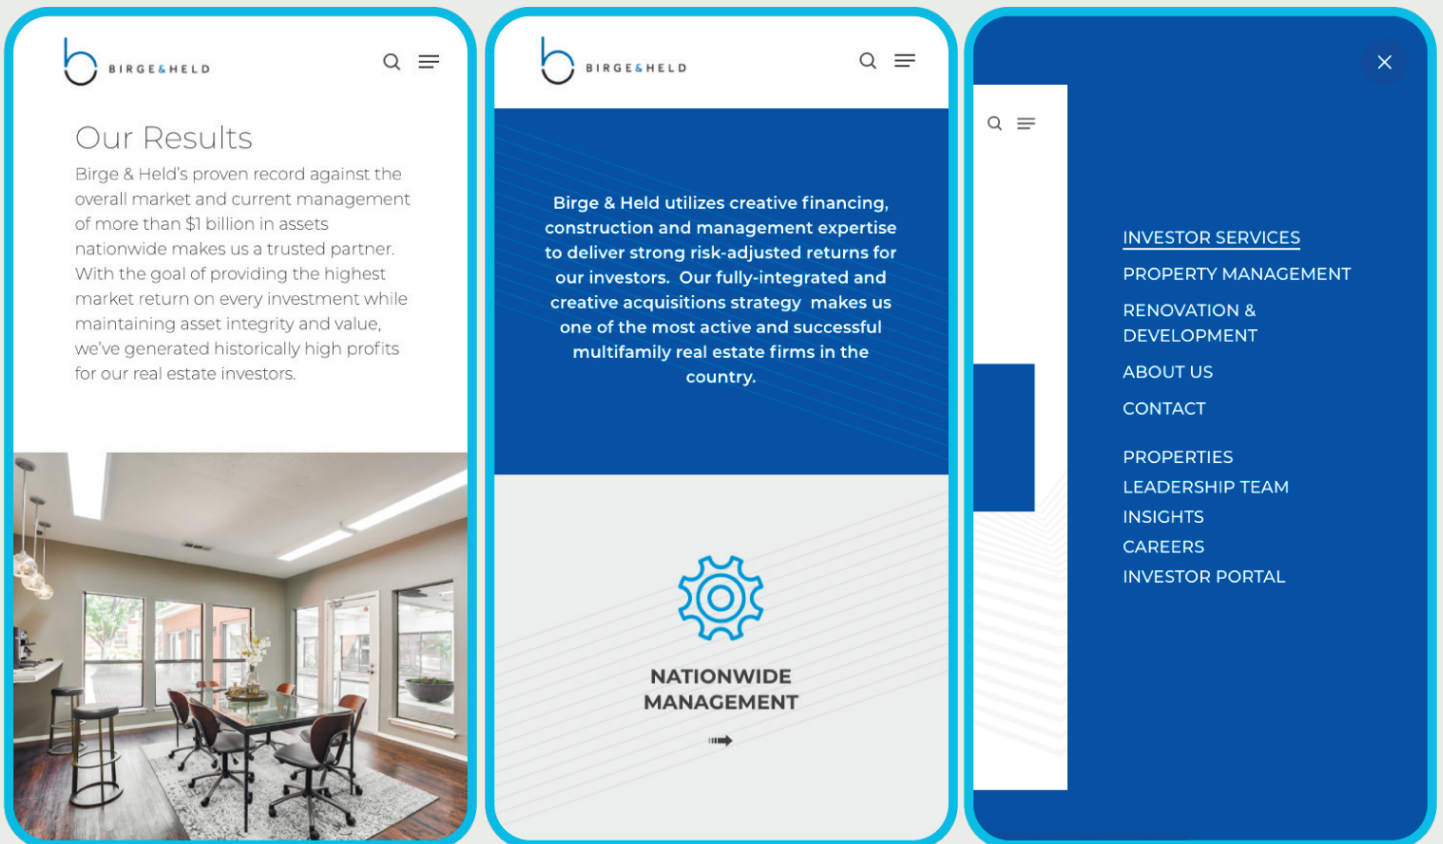

The site shows customers and communities how investing in real estate and infrastructure can benefit properties of all sizes and income levels.

CASE STUDIES

The new site allows users to see the results and transformations properties undergo in the Birge and Held system.

A NEW PRESENCE FOR NATIONWIDE REACH

RocketBuild was selected and tasked with the creation of content that would speak to Birge and Held's users, site design that would impress and capture attention, and of course development of a stable, fast, and secure website.
